EXPERIENCE

NodeJS Developer

Wattmonk Technologies Private Limited

08/2023 - Present

Gurugram, Haryana

Solar Panel Implementation Tool Development

- Designed a tool for structuring solar panel layouts on house roofs using Google Maps and customizable house plans.
- Converted 3D house models from JSON to 2D for accurate panel placement and utilized DXF parsers to support diverse user needs.
- Built features for customizable house modifications and solar panel configurations based on user preferences.
- Developed custom APIs and middleware for real-time data exchange between Zoho and Salesforce, ensuring consistent and accurate customer information.
- Implemented automated workflows to synchronize leads, contacts, and sales data, reducing manual data entry and enhancing operational efficiency.

Intern

Wattmonk Technologies Private Limited

05/2023 - 07/2023

Gurugram, Haryana

Achievements/Tasks

- Developed a robust backend API for a Customer Service Management (CSM) application to manage customer interactions, service requests, and administrative functions.
- Conducted in-depth research and development on Salesforce and HubSpot to assess product compatibility, subsequently integrating Zoho for streamlined operations.

Backend Developer Intern

FunctionUp

10/2022 - 04/2023

Achievements/Tasks

- Proficient in JavaScript, ES6, and backend development with Node.js, Express, and MongoDB.
- Experienced in caching with Redis and AWS S3 file operations.
- Contributed to group projects' backend and guided junior students as a Teaching Assistant in JavaScript backend projects.

PROJECTS

Asian Ceramics (11/2023 - 03/2024)

- Developed a robust e-commerce platform with admin controls, secure user authentication, role-based pricing, email notifications, and AWS S3 storage.
- Achieved a 40% increase in online sales and improved efficiency. Ensured seamless responsiveness across all devices.
- Technologies Used: HTML, CSS, Typescript, NextJS, Node.js, MYSQL, AWS S3, SMTP.

Janus Solutions Group (06/2023 - 07/2023)

- Developed a responsive web application using HTML, TailwindCSS, and JavaScript, ensuring optimal viewing on all devices.
- Collaborated with the client to understand requirements and deliver a user-friendly solution on time.

EDUCATION

MCA (Master of Computer Applications)

IGNOU

09/2023 - Present

BBE (Bachelor in Business Economics)

University of Delhi

08/2019 - 06/2022

7.85 CGPA

SKILLS

JavaScript

TypeScript

HTML

CSS

NodeJs

MongoDB

MySQL

ReactJs

NextJs

Redis

Express

JWT | NextAuth

Restful API's

Firebase

AWS S-3

Strapi

VS Code

Git

GitHub

Postman

Google Map APIs

CERTIFICATES

Programming for Everybody (Getting Started withPython) (11/2020)

Learned Python basics including syntax, data structures, and control flow. Explored concepts like variables, loops, and functions, essential for programming proficiency.

Postman API Fundamentals Student Expert (11/2022)

Build and successfully send requests in Postman using a variety of methods including GET, POST, PUT, and DELETE. Include query and path parameters, authorization, and body data in requests

SOFT SKILLS

Creativity and innovation

Adaptable and quick learner

Leadership and mentoring experience

Strong problem-solving and analytical skills

Effective time management and organizational skills

LANGUAGES

English

Professional Working Proficiency

Hindi

Native or Bilingual Proficiency

INTERESTS

Exploring new technologies to continuously upgrade my skills.

Keeping up with current affairs to stay informed on global market trends.

Traveling to appreciate cultural diversity and history.

Diagnosing and troubleshooting hardware and software issues in computers.
